FileMaker Schedules in FMS Interface

Simple list view

<input type="checkbox"/>	Schedule Type	Schedule Name	Database	Last Run	Last Status	Scheduled Time	Enabled
<input type="checkbox"/>	Backup			5/10/2026 23:09	Succeeded	5/11/2026 23:00	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Backup			5/9/2026 18:50	Succeeded	5/11/2026 08:50	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Backup			5/9/2026 18:40	Succeeded	5/11/2026 10:40	<input checked="" type="checkbox"/>
<input type="checkbox"/>	FileMaker Script			5/11/2026 06:05	Succeeded	5/12/2026 06:05	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Backup			5/10/2026 23:20	Succeeded	5/11/2026 23:20	<input checked="" type="checkbox"/>
<input type="checkbox"/>	FileMaker Script			5/10/2026 21:25	Succeeded	5/11/2026 21:25	<input checked="" type="checkbox"/>
<input type="checkbox"/>	FileMaker Script			5/8/2026 21:02	Succeeded	5/11/2026 08:02	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Backup			5/10/2026 23:15	Succeeded	5/11/2026 23:15	<input checked="" type="checkbox"/>
<input type="checkbox"/>	FileMaker Script			5/10/2026 22:10	Failed	5/11/2026 22:10	<input checked="" type="checkbox"/>
<input type="checkbox"/>	Backup			5/10/2026 22:00	Succeeded	5/13/2026 22:00	<input checked="" type="checkbox"/>
<input type="checkbox"/>	FileMaker Script			5/10/2026 21:20	Succeeded	5/11/2026 21:20	<input checked="" type="checkbox"/>
<input type="checkbox"/>	FileMaker Script					Disabled	<input type="checkbox"/>
<input type="checkbox"/>	FileMaker Script					Disabled	<input type="checkbox"/>
<input type="checkbox"/>	FileMaker Script					Disabled	<input type="checkbox"/>
<input type="checkbox"/>	FileMaker Script			5/8/2026 20:18	Succeeded	5/11/2026 08:18	<input checked="" type="checkbox"/>

FileMaker Schedules Visualised

Certainly better than a list view

About me

Adam Augustin

- Custom FileMaker solutions and consulting in the Munich area (Germany)
- Development of business applications, automation, and workflow tools
- Focus on FileMaker, JavaScript, React, and modern WebViewer integration
- Regular speaker at FileMaker conferences and community events
- More about my work at www.agametis.de

Overview

Let's see

- What is it?
- Why Use It?
- Main Features
- Demo

FMS Schedule Visualizer

What is it?

- Visual timeline for FileMaker Server schedules
- Built directly in FileMaker (as react project)
- Manage multiple server instances in one interface
- Simplifies schedule analysis and maintenance
- Designed for administrators and support teams

Why Use It?

Clear

- See schedules visually instead of as lists
- Detect overlaps and timing conflicts quickly
- Find slots for maintenance easily
- Understand recurring schedules more easily
- Identify disabled or problematic schedules fast

Main Features

Really?

- Manage multiple FileMaker servers
- Timeline views: Day (incl. weekdays), Week and Hour
- Filters for backups, FM scripts, and system scripts
- Visualise recurring schedules
- Tooltips with detailed schedule information
- Create and edit schedules directly
- Light and dark theme
- Free for the community (admin:admin)

Demo

Questions?

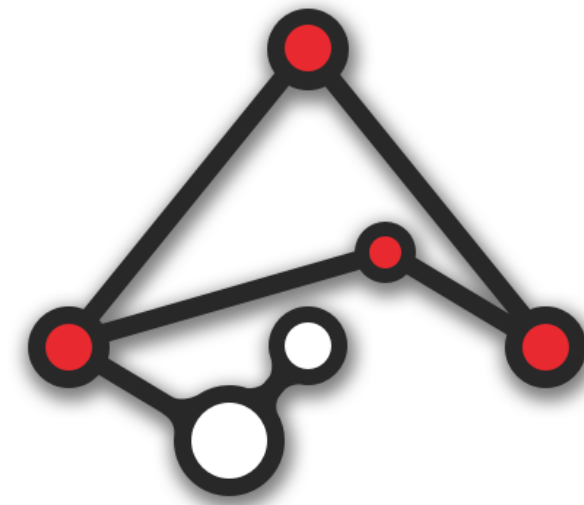

<https://github.com/agametis/fms-schedule-visualizer>

Thanks

and have fun with the tool
